Public Notice – Pathways to Success Town Hall Webinars

06/30/2021

The Illinois Department of Healthcare and Family Services (HFS) is proposing a new program under the 1915(i) State Plan Amendment, Pathways to Success, which will provide Home and Community-Based Services to Medicaid enrolled children with identified behavioral health needs in consideration of the Department's commitments under the N.B. Consent Decree.

As an ongoing effort to provide access to care and services for children who require intensive mental and behavioral health services, Pathways to Success will begin the development of a comprehensive system of care by introducing an enhanced care coordination model and additional home and community-based services for children with complex behavioral health needs including:

- Care Coordination and Support (CCS), a child and family team-based approach that helps families achieve their goals
- Family Peer Support
- Intensive Home-Based Services
- Respite
- Therapeutic Mentoring
- Therapeutic Support Services
- Individual Support Services

The Department will hold several town hall style webinars to discuss the program, available services, and provider qualifications. The webinars require registration before the meetings.

Pathways to Success: Program Overview

Program purpose and outcomes, Systems of Care principles, family driven care and overview of available services.

July 13th 10:30 am – 12:00 pm
